Health & Safety Protocols

Your health, well-being, and enjoyment remain our top focus. Each guest that travels with us deserves a memorable and fulfilling travel experience. And we intend to continue to deliver on that promise we made almost 30 years ago.

To ensure a healthy and enjoyable travel experience we have implemented a number of additional health and safety measures including the following:

1. All guests and staff are required to sign the Wellness Pledge & Release of Liability Agreement prior to boarding the motorcoach each day. Please do not return the form to our office. Instead, print it, sign it and give it to your Tour Director prior to boarding the motorcoach. If you cannot print it or forget it, your Tour Director will have extras available.
2. Your Tour Director will use a touchless infrared thermometer to take your forehead temperature prior to boarding the motorcoach each day. Any guest with a temperature higher than 100.4 degrees (per CDC guidelines) will not be allowed to board the motorcoach.
3. Hand sanitation is required each time you board the motorcoach. Your Tour Director will have a supply or you may use your own in the presence of the Tour Director.
4. As always, seats are assigned based on the date payment was received. Because guests will be distanced as much as possible, please do not change from your assigned seat without approval from the Tour Director. The first row of seats on the motorcoach will be unoccupied to provide for social distancing during the boarding and disembarkation process. We have temporarily suspended our customary daily seat rotation on multi-day tours.
5. Occupancy onboard the motorcoach will be less than 50% (15-28 guests). Therefore, solo travelers will be assigned a seat pair to themselves. Traveling companions from the same household will be sat together. Friends from separate households will be asked to choose which they prefer prior to departure. Occupancy is also limited to 50% onboard other forms of transportation we may use including boats, trains, covered wagons, etc.
6. Face masks must be worn by all guests and staff onboard the motorcoach and whenever the group is gathered. In addition, a face mask may be required by some destinations we visit, even when outdoors. If you must eat a snack or drink water, please do it as quickly as possible and then put the mask back on. Masks with ventilators, neck gaiters, bandanas and face shields (without a mask underneath) are not acceptable.
7. Our local coach operator, *Lux Bus America*, has installed new air filters (MERV 13) which remove respiratory droplets while the entire cabin is exchanged with fresh, outside air approximately 6 times per hour. Electrostatic sprayers are being used to disinfect ALL surface areas inside the motorcoach prior to guests boarding. Throughout the tour, your driver or Tour Director will wipe down common high-touch surfaces on the motorcoach.
8. Specific protocols will vary from hotel to hotel but in general, rooms, restaurants and other guest areas will be deep-cleaned regularly, with rooms disinfected thoroughly between guests. High-traffic areas like lobbies and elevators will be cleaned hourly.
9. We are working closely with our vendors to ensure adequate physical distancing during meals, experiences, and sightseeing. Guests may be rotated in smaller sub-groups when necessary.
10. We have enhanced our already high levels of training for our Tour Directors. These highly trained and knowledgeable individuals have the ability to handle a variety of unexpected situations – including illnesses and emergencies. As always, your Tour Director is there to remove many of the "touch points" involved in travel including the hotel check-in and expedited entry into restaurants, museums and attractions.

In this ever-changing climate these protocols could require adjustment. Your Tour Director will advise you of any changes or additions. Thank you in advance for your patience and understanding.

Thank you for your time and commitment to these collective efforts needed to travel together safely and securely. Let the *good times* roll...
